---

Innovative and driven Software Engineer with a strong foundation in Web Development and a keen interest in leveraging Python, Java, and Web technologies to create cutting-edge solutions. Passionate about continuous learning and committed to delivering high-quality software solutions.

## Projects

### Online Course Platform| React js, Appwrite, tailwind CSS

June 2025

- Created a online course platform using React js and using the services of the appwrite.
- Highlights:**
  - 3 types of user Student, Educator, Admin each have one having their own operations and management
  - added the authentication and added variety of features.
  - github link -[https://github.com/Shripad21/Online\\_Course\\_Platform](https://github.com/Shripad21/Online_Course_Platform)

### PixaBay clone using 'React JS'| JavaScript, React JS, REST API

April 2024

- Developed a PixaBay clone using React JS, implementing REST API for image retrieval.
- Highlights:**
  - Fetches and displays images via REST API.
  - Integrated React hooks and Context API for state management.
  - github link- <https://github.com/Shripad21/Pixabay>

### Kids Learning App| Android Studio, java, XML

March 2022

- Developed an Android-based application for kids to learn. Designed a simple yet attractive UI to enhance children's active engagement.
- Highlights:**
  - Implemented attractive UI in the application
  - Implemented a variety of modules for learning.

## Education

### B. Tech in Computer Engineering

August 2022 – May 2025

- developed essential skill like communication and technical knowledge

AGPIT Solapur, Maharashtra

### Diploma in Computer Engineering

August 2019 – May 2022

-Learned languages like C, C++, java, PHP and android studio

SES Polytechnic Solapur, Maharashtra

## Skills

## Languages

- front-end technologies: JavaScript, React JS, HTML, CSS, Angular JS, REST API
- dev Tools: Android Studio, GitHub, Firebase, Appwrite, Node.js, Postman, Eclipse, maven
- Concepts: Object-Oriented Programming, Web Development.
- back-end technologies: node.js, jsp
- database management: mongoDB and SQL (mysql), hibernate.
- Programming language: Java, Python, javascript.

- Telugu - Native
- English - Intermediate
- Marathi - Fluent
- Hindi - Fluent
